Course Overview

Overview of Cyber Security.

This course will introduce the basic concepts and terminology in cybersecurity for students. The course will use a combination of research, discussion, and hands on development to explore the world of cybersecurity. There will be a presentation and one exam along with session quizzes, labs, and assignments (case study or small research). The student will be responsible for being prepared for class discussions each week.

Required Text

None – we will scour the Internet for information.

Office Location

Online

Course Materials

Access to a Windows PC or Mac capable of running VirtualBox, UTM and or Docker for hosting and running Labtainer Labs.

Office Hours

Virtual appointments need to be set.

Grading Policy

95%	A
90%	A-
85%	B+
80%	B
78%	B-
75%	C+
70%	C
65%	C-
60	D
	Fail

Weekly Agenda:

Each week in class the first segment will be the lecture time (try to limit to 1 hour). Next is the discussion of the Case Studies assigned for that week a class activity and finally the lab work. Some lab work will be done outside of class.

- The 22 discussions will be worth 10 points per week with the grading divided 50/50 between the online posted response and the in-class discussion participation. (220)
- The labs will be worth 10 points each. There are as many as 30 possible labs.
- Written assignments (4) will be worth 10 points each.
- The quizzes worth 10 – 30 points each. These will be due by the end of day (183)
- The two progress updates 5 points. These are a required part of the paper/project and cannot be accepted late.
- Paper/project proposal 5 points
- The semester presentation is worth 25
- The semester paper is worth 75
- The final is worth 100

*If the assignment is turned in late it will lose 10%.

Additional Information

Acceptable Use Policy: The use of these tools is for investigative purposes only. You agree to not cause harm to any systems that you may encounter while using the software.

Ethical Use Pledge: I agree to only use the knowledge and tools learned in this course for “white hat” purposes. I will do no harm to others.

Please refrain from eating in class. Mask policy will be in accordance with the University policy.

Attendance and participation will be part of your grade. All assignments must be completed by the due date. No late work will be accepted without prior written consent.

- **Office of Disabilities (ODS) and Learning Support Services (LSS)**

It is the policy of Villanova to make reasonable academic accommodations for qualified individuals with disabilities. Go to the Learning Support Services website <http://learningsupportservices.villanova.edu> for registration guidelines and instructions. For physical access or temporarily disabling conditions, please contact the Office of Disability Services at 610-519-3209 or 610-519-4095, or email ods@villanova.edu. Registration is needed in order to receive accommodations.

- **Academic Integrity**

All students are expected to uphold Villanova’s Academic Integrity Policy and Code. Any incident of academic dishonesty will be reported to the Dean of the College of Liberal Arts and Sciences for disciplinary action. For the College’s statement on Academic Integrity, you should consult the Student Guide to Policies and Procedures. You may view the University’s Academic Integrity Policy and Code, as well as other useful information related to writing papers, at the Academic Integrity Gateway web site: <https://library.villanova.edu/research/subject-guides/academicintegrity>

- **Artificial Intelligence**

The use of Artificial Intelligence and related technology to complete assignments is prohibited in this course. You can leverage AI tools to assist you in the processing but do not rely on them for complete solutions.

- **Absences for Religious Holidays**

Villanova University makes every reasonable effort to allow members of the community to observe their religious holidays, consistent with the University's obligations, responsibilities, and policies. Students who expect to miss a class or assignment due to the observance of a religious holiday should discuss the matter with their professors as soon as possible, normally at least two weeks in advance. Absence from classes or examinations for religious reasons does not relieve students from responsibility for any part of the course work required during the absence. <https://www1.villanova.edu/villanova/provost/resources/student/policies/religiousholidays.html>
